The Naturesol Dilution Control System allows you to safely, effectively, and economically dispense both Naturesol total facility cleaner and One Step Disinfectant.

Naturesol is formulated to be diluted at 2 dilution rates to clean an entire facility from top to bottom. Our One Step Disinfectant is also diluted through the system for areas that require an EPA registered Disinfectant to be used.

With our proprietary LockNLoad® system, an insert in the gallon bottle prevents improper dilution of the product as well as human contact with the concentrated product.
ONE PRODUCT CLEANS IT ALL.
Naturesol is designed to clean all surfaces using two dilutions. Naturesol can be used on floors, walls, restrooms, showers, sinks, counter tops, carpet, kitchens, glass, furniture, and any other surface not harmed by water. Our exclusive blend of organic, plant-based surfactants, citrus solvents, and organic oxidizing agents are formulated to provide the highest level of cleaning combined with state of the art green bio-renewable chemistry.

Dilution: 1–8 OZ/GAL
